Why **KD** Frame?

KD Aluminum Frame table system is our latest innovation to create a more flexible table configuration for multi-purpose application. The sturdy frame structure is made of aluminum extrusion profiles and connector of various angles.

The KD frame system allows the user to create desired table shapes and configuration to meet individual application for **Home** (Coffee table, Side table, dining table, TV console & Home office), **Commercial** (Offices, Training & Seminar rooms, Conference rooms & meeting rooms) and **Schools** (Classrooms, Computer labs, Libraries & Cafeteria Seating).

The innovative design of the KD frame system is well received in the market for its easy assembly, flexibility and space saving feature. The KD frame is flat packed for easy storage and container shipment.

For Durability and Sustainability, go for **KD Frame**

Aluminum Extrusion Profile

KDFrame *Basic Combinations*

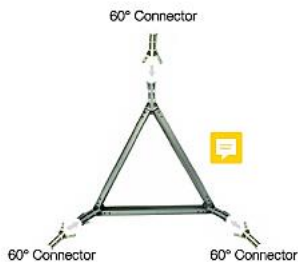

Be creative! Mix & match different length of aluminum extrusion with degree of connector and you'll get **square, rectangle, triangle, circle and more.**
